Proclamation

WHEREAS, in the City of Coral Gables the elderly have always been an invaluable resource whose safety and well-being are of utmost concern given that as a group they are particularly vulnerable to abuse, institutional and otherwise, especially in cases of extreme frailty and/or disability; and

WHEREAS, UNITED HOME CARE SERVICES, INC. (UHCS), is a non-profit social services agency governed by a volunteer Board of Directors comprised of key community leaders, which has been serving all of Dade County for 20 years; its mission is to assist frail elderly persons aged sixty and over, and disabled adults aged eighteen to fifty-nine, to maintain the highest possible level of self-sufficiency in their own homes; its prime focus is to prevent premature and inappropriate placement of individuals in nursing homes or other institutions where the chances of abuse may be higher; and

WHEREAS, since 1980 UHCS has been consistently selected by the State of Florida to serve as the lead agency for in-home services delivery to frail elderly adults in Dade County, and today it continues to receive local, state and federal funds for an annual budget of slightly over \$9 million, making it the leader in providing quality in-home services to our frail and elderly citizens;

NOW, THEREFORE, I RAUL J. VALDES-FAULL, as Mayor of the City of Coral Gables, do hereby proclaim the 8th day of March, A. D., 1994, as "ELDER ABUSE AWARENESS AND PREVENTION MONTH IN CORAL GABLES".

IN OBSERVANCE THEREOF, I call upon the good citizens of the "City Beautiful" to join me in recognition of this most worthy and diligent organization whose prime directive of helping our frail and elderly citizens continue their social viability through self-sufficiency in their own homes is a valuable and praiseworthy service which in the end benefits the whole community.

IN WITNESS WHEREOF, I have hereto set my hand and caused the Seal of Coral Gables to be affixed on this Eighth day of March, A. D., 1994.

Greetings:

I am delighted to recognize the united efforts of Dade and Monroe Counties in behalf of their elder residents to provide awareness of the abuse to this segment of our population. The fastest growing portion of the Nation's population is among the elderly aged 85 years and more. Almost 400,000 of the residents of Dade and Monroe Counties are 60 years of age and older and, of these, over 130,000 are older than 75 years.

Many of the elderly are more vulnerable to abuse, neglect and exploitation as a consequence of the infirmities of aging and other factors. More than 24,000 reports of abuse, neglect or exploitation were received in the last year by the Florida Abuse Registry, of which more than 10 percent occurred in Dade and Monroe Counties. The Florida Protective Services System serves to protect elder persons from abuse, neglect and exploitation through the provision of specialized social services. I encourage the community to be a good neighbor and help assure the health and well-being of elderly residents by reporting immediately to the Florida Abuse Registry any knowledge or reasonable suspicion of abuse, neglect or exploitation of the elderly.

Your observance of Elder Abuse Awareness and Prevention Month in Dade and Monroe Counties during the month of March is commendable. My best wishes are sent for great success in promoting the use of the Florida Abuse Registry for protection of our elder residents.

We in Florida are fortunate to have organizations dedicated to meeting the diverse needs of our residents. I applaud United Home Care Services, Inc., Alliance for Aging, Inc., Monroe County Social Services and the Dade Monroe Coalition on Aging for their commitment to helping the elderly.

With kind regards, I am

Sincerely,

LAWTON CHILES
